

HYDROGEN REFUELING SOLUTIONS

FILLING CENTER & EXPORT TRAILER

1t to 4t H₂/day
and more

✓ from 200 to 500 bar

TRAILER TYPE
I TO IV

SAFETY

Proven and safe design
IEC 61511 compliance

SOLUTION FOR INDUSTRY

Meets the needs of industrial logistics
and gas quality (ISO 14687 - EN 17124
compliance)

LOGISTICS STAKES

Duplicated high pressure compression
and distribution lines

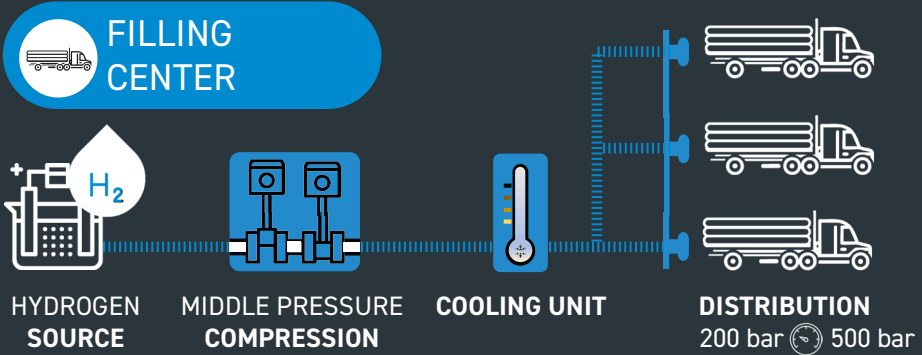

EVOLUTIVE STATION

Compatible with hydrogen stations
HRS14 | HRS40 | HRS80

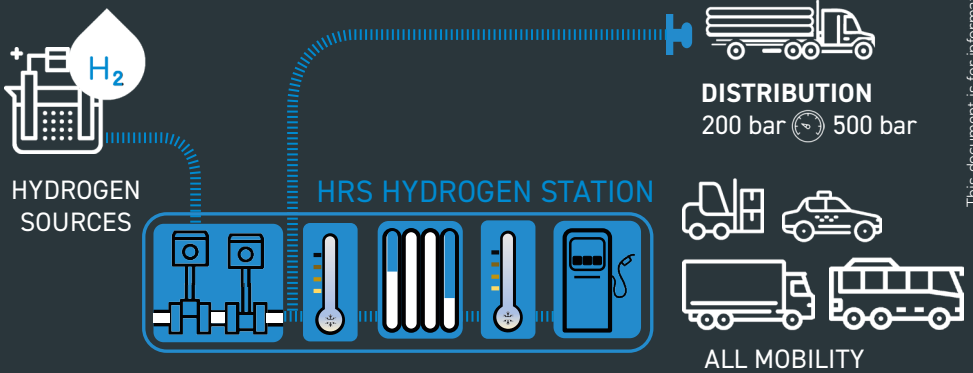

REFUELING SOLUTIONS

FOR INDUSTRY

FOR FUELING STATIONS EXPORT TRAILER

Compatible solution with HRS HYDROGEN STATIONS with export mono-pressure
